

IMPULS INNOVATION ENTERPRISE

Władysław Fediuk

PRODUCTS OFFER for Food, Agriculture Industry and Medical Sector

nr	Product Name and Application
1.	AGROSTERIL based on peracetic acid liquid for surface cleaning and disinfection in special agriculture sectors
2.	ALBATROS concentrated car shampoo
3.	ALUSMOK acidic concentrated liquid for cleaning of aluminum surfaces contaminated with proteins and fats as well as limescale
4.	BIWAK cleaning paste with bactericidal properties recommended for household usage
5.	CERENA body nourishing emulsion, cosmetic product
6.	CIP ALKALIT low foaming concentrated basic liquid for cleaning surfaces contaminated with proteins, fats and other organic matter; designed for CIP instalation
7.	CIP EXTRA low foaming concentrated basic liquid for cleaning surfaces contaminated with proteins, fats and other organic matter; designed for CIP instalation
8.	DEOSAN liquid for surface cleaning and disinfection in special medical sectors
9.	DEZYNFEKTOR based on peracetic acid liquid for surface cleaning and disinfection in special medical sectors
10.	DRELICH washing liquid recommended to higly contaminated clothes
11.	EMULSJA ANTYPHENNA anti-foaming emulsion for food processing
12.	FENIX hand paste with abrasive, nourishing properties; cosmetic product
13.	FORTIS milky liquid with gentle abrasive for surface cleaning
14.	FOSFOPIAN acidic high- foaming liquid for cleaning of apparatus from limescale, rust and other mineral or organic matter

15.	GRIS OFF basic liquid to grease removing from elements of car engine; high performance
16.	GROM liquid for grease and proteins removing from apparatus, high performance
17.	GROM FORTE liquid for grease removing from apparatus, high performance
18.	GROM FORTE II liquid for grease removing from apparatus, high performance
19.	GROM C.I.P. liquid for grease removing from apparatus, cleaning in place
20.	HANDSTERIL hygienic and surgical disinfection liquid for skin; biocidal product
21.	HEKTOR C.I.P. basic liquid for cleaning and disinfection of apparatus, cleaning in place; contains sodium hypochlorite
22.	HEKTOR PLUS basic high-foaming liquid for cleaning and disinfection of apparatus; contains sodium hypochlorite
23.	HEKTOR basic liquid for cleaning from persistent dirt; high performance
24.	HERKULES liquid for concrete cleaning; contains organic solvents
25.	HERKULES P foaming liquid for concrete cleaning; contains organic solvents
26.	IMPROL lubricating liquid for transporting tapes
27.	IMPULS 10 SD hygienic and surgical disinfection liquid for skin, biocidal product
28.	IMPULS 1000 liquid for cleaning of waterproof surfaces, with lubricating properties
29.	IMPULS 2000 liquid for cleaning of waterproof surfaces and removing of glue remains
30.	IMPULS 70 AN liquid for cleaning and disinfection in specific medical and food processing sectors
31.	IMPULS 75 DM liquid for disinfection in specific medical and food processing sectors
32.	IMPULS CITRO acidic liquid for lime scale removing on surfaces being in contact with food
33.	IMPULS GASTRO liquid for grease removing designed for household and food industry
34.	IMPULS GASTRO FORTE liquid for grease removing, high performance, designed for household and food industry
35.	IMPULS GRILL liquid for burns and persistent dirt removing
36.	IMPULS GRILL FORTE liquid for burns and persistent dirt removing removing, high performance
37.	IMPULS KAM acidic liquid for lime scale removing

38.	IMPULS MYDŁO lux liquid soap with high performance emollients
39.	IMPULS PLUS soap with bacteriocidal components
40.	IMPULS 1 M emulsion for hygienic and surgery cleaning
41.	IMPULS P 12 liquid for filters cleaning, contains organic solvents
42.	IMPULS REFLEKS concentrated liquid for cleaning of dishwashing machine
43.	IMPULS REFLEKS BŁYSK concentrated liquid for lubricating in dishwashing machines
44.	IMPULS SF 2 liquid for cleaning in specific sectors, contains organic solvents
45.	IMPULS SPIRALA basic liquid for pipes patency
46.	IMPULS STAL POŁYSK liquid for stainless steel items cleaning
47.	IMPULS UNIVERSAL liquid for surfaces cleaning
48.	IMPULS UNIVERSAL FORTE liquid for surfaces cleaning, high performance
49.	KASTOR Universal liquid for cleaning
50.	KASTOR dishwashing liquid
51.	KASTOR GOSPODARCZY cleaning liquid, high performance
52.	KOLIBER liquid soap
53.	KORMORAN liquid soap with lanolin, with different fragrances
54.	LAKTACID acidic low-foaming liquid designed for food industry
55.	LAKTACID FORTE based on peracetic acid liquid for cleaning and disinfection in specific sectors
56.	MAGIC FLOOR liquid for cleaing of higly glossy surfaces, high peformance
57.	MARMUREK acidic liquid for cleaning of various surfaces

58.	KAKADU liquid soap
59.	ODDOURS NEUTRALIZER
60.	ORKAN acidic liquid for lime scale and rust removing
61.	ORKAN BŁYSK acidic liquid for lime scale removing and surface lubricating
62.	ORKAN FORTE acidic liquid for lime scale removing, high permormance
63.	ORKAN WC acidic liquid for lime scale removing of sanitary equipment, with bacteriocidal and fungicidal components
64.	PELIKAN liquid soap with bacteriocidal components
65.	PERHYDROLIT 50 concentrated liquid with bleaching properties
66.	POWIEW liquid for air refreshing
67.	SEPTACID based on peracetic acid liquid for cleaning and disinfection in specific sectors
68.	SKRA liquid for glass cleaning with different fragrances
69.	SKRA FORTE concentrated liquid for glass cleaning, high performance
70.	SOLAR WASH liquid for cleaning and disinfection in specific sectors
71.	STERIDIAL FORTE liquid for disinfection of apparatus for haemodialysis, disinfection of capillary dialysers, disinfection of apparatus for reversed osmosis, installation for treated water
72.	STERIDIAL MD-1 based on peracetic acid liquid for surface cleaning and disinfection in special sectors
73.	STERIDIAL P based on peracetic acid liquid for surface cleaning and disinfection in special sectors
74.	STERIDIAL W-15 based on peracetic acid liquid for surface cleaning and disinfection in special sectors

75.	STERITEST special indicators for detecting of peroxy compounds remains
76.	SURFSTERIL surface cleaning and disinfection in special medical sectors
77.	UNIVERSAL LIQUID ORCHIDEA liquid for surfaces cleaning
78.	UNIVERSAL LIQUID GREEN TEA liquid for surfaces cleaning
79.	WC MAG concentrated cleaning liquid with bleaching properties
