MANUFACTORY**

2019-01-31 04:30:17

Fine Porcelain Kristoff is one of the main producers of porcelain in Poland and one of the oldest existing porcelain factories in the Silesian region. The company works continuously since 1831, and our products were already exported to Eastern Europe and North America in the 19th century

**Porcelain Krzysztof** is not only tradition, but also modernity, highest quality, functionality and unique design. New designs are made in cooperation with famous Polish artists, and between the production lines you can still find the historical shape "Friederike" (Fryderyka), that still belongs to the group of the company's bestsellers.
